department of the Y. M. C. A. will  
make a launch trip to Pearl Harbor  
next Wednesday morning to see the  
deep-sea divers at work. They will  
be accompanied by Secretary Loomis  
of the association.\*\*\*\*\*  
WANTS ANOTHER MATCH  
\*\*\*\*\*Joe Wambaugh, manager of  
Bauersock, made the statement  
to the Star-Bulletin this morning  
that the supporters of the soldier  
pugilist are dissatisfied with the  
decision rendered at the close of  
the Madison-Bauersock go at the  
Bijou last Saturday night, and  
further stated that a return  
match of twenty rounds is want-  
ed. In case that this return  
match is forthcoming, he said,  
and a man could be gotten to  
referee the bout whom the sol-  
diers consider satisfactory, he  
would be willing to put up a side  
bet of any amount.\*\*\*\*\*  
LEGISLATIVE COMMITTEE  
WILL WORK FOR MAUI  
\*\*\*\*\*WAILUKU, MAUI, Dec. 15.—The  
Maui Chamber of Commerce, at its  
meeting last Wednesday, appointed  
Messrs. Fogue, Beins and Case as a  
committee to keep in touch with the  
island's representatives in the terri-  
torial legislature, informing them of  
the various needs of the county. Mr.  
Fogue suggested the appointment, as-  
serting that one of the chief duties of  
the committee would be to see that  
Maui received sufficient appropri-  
ations for school purposes. The com-  
mittee is to draft such bills as the  
county wants and submit them to its  
representatives for introduction into  
the legislature.COMMITTEES ON  
CHARTER CHANGE  
ARE ANNOUNCEDThe personnel of the committee  
which will have in hand the revision  
of the charter for the city of Hono-  
lulu has been made public. The Gov-  
ernor, of course, will head the re-  
vision committee and many other prom-  
inent men are members. They are  
all representing some one of the sev-  
eral public spirited bodies in Hono-  
lulu, as well as the city as a whole. The  
names follow:City and County: Mayor and Super-  
visors appointed J. J. Fern, W. H.  
McClellan and H. E. Murray. The  
Democratic Territorial Committee ap-  
pointed J. H. Wilson, W. R. Ryan and  
E. H. F. Wolter. The Republican City  
and County Committee appointed S.  
P. Correa, W. R. Coombs and W. R.  
Farrington. The Chamber of Com-  
merce appointed J. P. Cooke, J. R.  
Galt and J. W. Waldron. The Mer-  
chants' Association appointed T. M.  
Church, G. W. Smith and Joan Effinger.The Bar Association appointed A.  
A. Wilder, A. L. Castle, W. T.  
Rawlins. The Men's League ap-  
pointed W. L. Whitney, R. W. Shingle  
and D. Scudder. The Civic Federation ap-  
pointed A. L. McKaye, W. A. Bryan  
and J. M. McChesney. The Central  
Improvement Committee appointed  
Dan Logan, W. F. Wilson and Geo. G.  
Guld.The following were appointed at  
large: John C. Lane, W. P. Jarrett,  
M. G. Pacheco, A. D. Castro and Kim  
Tong Ho.The following are the members of  
the drafting committee: W. L. Whit-  
ney, W. T. Rawlins, W. R. Farrington,  
W. H. McClellan and J. C. Lane.PEOPLE WANT  
BETTER GOODSTo remove a business from a stand  
where it has established itself firmly  
in popular favor is a serious propo-  
sition, sometimes being the turning  
point for either expansion or decline.  
It would appear to have been a wise  
choice of location A. Blom made for  
dry goods emporium when he brought  
it downtown two or three blocks to  
the corner of Fort and Hotel streets  
this year."We have done a very good busi-  
ness so far this month," said Mr.  
Blom today when asked about holiday  
trade. "It is fully 25 per cent better  
than last December. People seem to  
want better goods than they bought  
before and money appears to be  
plentiful. We are perfectly satisfied  
with the way business has turned out  
this year, and hope that next year  
will be just as good.""Our strongest department is the  
ready-to-wear. We are getting in  
goods by every steamer and selling  
them as fast as they come. They  
can't come too fast for us this time  
of year especially.""Probably we shall not begin keep-  
ing open nights before Thursday. It  
is pretty hard on the sales staff to  
work in the evening after a busy af-  
ternoon."\*\*\*\*\*  
DREAD OF FIRE.  
\*\*\*\*\*There was a time, several thousand  
years ago, when the heart of man and  
beast held one overpowering dread—  
the fear of fire. The human race  
took its first decisive step when it over-  
came this fear and began to use  
fire. It was the significant victory  
that set mankind apart from the other  
animals forever.Fire is a cunning slave—forever  
seeking an opportunity to escape its  
bounds. The history of the world is  
marked with escapes of this nature  
that became conflagrations. A small  
blaze in a baker's shop in the great  
city of 1666 in London cost untold  
millions of dollars. It has been said  
that no famous building in London,  
indeed of all of England, is as it was  
originally built. The tax by fire has  
been levied everywhere.The staggering fact that must con-  
front everyone who thinks of the sub-  
ject of fire is that the money, labor  
and time represented in the places  
burned is money, labor, and time ut-  
terly thrown away, utterly and ir-  
revocably lost. The annual loss by fire  
in the United States is over \$250,000,  
000 annually. This means that some-  
thing is taken from the earnings of  
every man to pay the tax, and as long  
as we go on having preventable fires  
the same tax will be continued to be  
levied on us. The bitter part of this  
is that nothing is ever returned for  
this tax. Money raised by ordinary  
taxation is put into circulation and  
spent for value received. With the  
fire tax, the money is applied to make  
good value lost. Nature is immut-  
able; she uses the products of a fire,  
the actual matter (speaking scientific-  
ally) still exists; but not for use. Bear  
this in mind, Mr. Taxpayer and Prop-  
erty Owner, most of the loss is pre-  
ventable. Do not confound "fire"  
with "loss"; the loss is preventable.  
The wasted tax can be lightened. The  
simplicity of the remedy is its weak-  
ness; the causes of its not being ap-  
plied, and watchfulness will cure it.  
That watchfulness and preparedness  
will prevent 50 per cent of the fire  
loss as has been proven in Europe.  
The responsibility lies with the in-  
dividual, not with the fire department.The Denio Fire Alarm Co. will ex-  
plain the way it you will but give  
them the opportunity.—advertisement.William Vincent Astor has been  
elected a vestryman of the Episcopal  
church at Rhinebeck, N. Y., filling  
the vacancy caused by the death of Col.  
John Jacob Astor.MONEY MUST GO  
BACK TO COUNTY  
FINDS GOVERNORThe \$70,159.16 which the Territory  
deducted from the counties to reim-  
burse itself for the payment of that  
amount to the territorial schools dur-  
ing the latter half of 1911, must be  
paid back to the counties, and of this  
sum Oahu will get approximately  
\$33,000 as its share. This was the de-  
cision reached at a conference Sat-  
urday afternoon between the Govern-  
or, the territorial treasurer and the  
auditor.They finally concluded that while  
the schools were entitled to the \$70,-  
000, the Territory had no right to  
take that amount from the counties  
on the theory that the counties had  
been overpaid in 1911. The question  
is one of deep technicalities, develop-  
ing apparently from a bookkeeping  
error, but has injured no one depart-  
ment or the Territory. It arose  
through the workings or possible mis-  
understanding of the tax and school  
laws.Farrington Explains.  
"The manner in which the term  
'school fund deficit' has been handled  
has given the impression that the  
public schools of the Territory have  
overdrawn their account," said W. R.  
Farrington, commissioner of public  
instruction, who was chairman of the  
commission that framed the present  
law providing money for the public  
schools."There can be no deficit for which  
the public schools should be charged  
unless the school teachers are paid  
more money than is provided for  
under the law passed by the last legis-  
lature. And that has not happened.""That law made the payment of  
school teachers' salaries, under the  
schedule provided in the law, a first  
charge on the territorial revenues  
from real and personal property—a  
first charge after interest and sink-  
ing fund had been taken care of.""In other words, the money for the  
schools comes first, among the sev-  
eral departments of government, under  
a definite schedule laid down in the  
law."Bookkeeping Tangle.  
"Now it may be and apparently is  
true, that the officers of the territori-  
al government is laying out their  
scheme of finance have designated the  
schools as a 'school fund,' but it is  
not true that the public schools have  
at any time taken or used more money  
than was rightfully due them un-  
der the law, or that more has been  
drawn from any 'school fund' than  
was provided by law.""It may be that the treasurer or  
the auditor has taken from the coun-  
ty fund pocket to pay the school bill  
and now find they must take from the  
territorial pocket. But let no one run  
away with the idea that the schools  
have called for or taken more than  
has been properly coming to them.  
Schools 'the Goat.'""The complaint I have against the  
method in which the conversation on  
this topic has proceeded is, that some  
of the chief spokesmen, thoughtlessly  
perhaps, have been making the pub-  
lic schools 'the goat' of all the diffi-  
culty. They have given the impres-  
sion that the large expense of the  
schools is what has caused a deficit.  
Such statements are entirely mislead-  
ing.""If there is any deficit it must be  
the fault of some other department  
than the public schools of this Terri-  
tory.""The law passed by the last legis-  
lature made the expenses of the pub-  
lic school teaching force a first  
charge on the real and property taxes  
of the Territory, provided that nothing  
in the law shall be interpreted to in-  
terfere with the sinking fund and in-  
terest on the public debt. The schools  
come first.""The whole deficit proposition ap-  
pears to be one of bookkeeping, as  
the legislature did not provide for a  
definite 'school fund.' There is only  
one school fund under the law, and  
that is the fund made up of the taxes  
from real and personal property, less  
the money needed for interest and  
sinking fund.""If any other department of the  
government has drawn more freely  
than it should on these funds, let  
that department bear the brunt of it.  
But let the public understand that  
there can be no deficit for which the  
public schools of this Territory can  
be responsible."\*\*\*\*\*  
IN NEW QUARTERS  
\*\*\*\*\*The Goetz Grocery, Ltd., managed  
to get into its new store in the new  
Cooke building, Fort and Chaplain  
Lane, this morning with the goods dis-  
played most artistically. The store is  
large, the goods absolutely fresh and  
arranged in a tempting manner. Man-  
ager Goetz worked hard to accom-  
plish a result that redounds to the  
credit of the staff of employees who  
worked faithfully to present to the  
public a line of goods that compares  
favorably with any grocery showing  
in the city. The telephone number  
is the same as in the old store, 4138.\*\*\*\*\*  
AQUAMARINE  
BUILDING UP  
\*\*\*\*\*Beckley tract at Aquamarine, Dia-  
mond Head is fast being transformed  
into a pretty, seaside village. James  
L. Holt, who is Landline the tract, has  
sold a number of lots.Mrs. Rudenda de Dodson, who left  
in the Sierra for the Coast on Satur-  
day, bought lots 3 and 4 for \$13,000.  
She has erected two small cottages

## FOR EVERYBODY

SPORTING CONCERNand a garage, and will return in Feb-  
ruary to see to the erection of a  
Spanish mansion for her daughter,  
Mrs. Shoneman.Joseph Andrede bought lot 5 for  
\$6500 and has the foundation already  
constructed for a modern bungalow to  
cost \$1500, for which H. F. Bertelman  
has the contract.Mr. Holt himself has taken lot 6  
for \$6500, the price equaling \$130 a  
front foot.These lots are 50 feet front on  
the beach and over 200 feet deep to  
the Diamond Head road.\*\*\*\*\*  
"54" HUDSON--a Six.  
\*\*\*\*\*The Two New HUDSON Cars  
That 48 Engineers BuiltThe picked engineers from 27 European and American automobile factories combined in building the  
New HUDSON cars.There are 48 experts in the organization, at the head of which is Howard E. Coffin, America's leading  
automobile engineer and builder of six famous cars.

Combined, these men had a hand in building more than 200,000 motor cars.

No car can be greater than its engineers planned it to be. We believe mechanical perfection is more  
quickly and thoroughly accomplished through combining the experience and skill of many men than is ever  
possible if dependence is placed entirely upon one man.

## HUDSON Electric Self-Starting --- Electrically Lighted

The Six  
The "54" HUDSON supplies every demand made  
of any automobile, in speed, get-a-way, safety, power,  
luxurious equipment, distinctive appearance and  
comfort.It is not merely a "Six" made so by the addition  
of two cylinders to a good four-cylinder car. It is  
capable of a speed of 65 miles an hour with full  
equipment and will jump to a speed of 58 miles an  
hour in 30 seconds from a standing start.Its equipment is complete in every detail, which  
includes an electric self-starting, electric lighting—  
dynamo type—and ignition system, known as the Del-  
co, patented. Illuminated dash and extension lamp,  
mobair top, curtain, rain vision windshield, speed-  
ometer, clock, demountable rims, 36x4 1/2-inch tires,  
127-inch wheel base, etc.The seat cushions are 12 inches deep. Turkish  
type. The finest materials are used throughout. No  
detail of finish or equipment is skimmed or over-  
looked."54" HUDSON Models: Five-passenger Touring  
Car and Torpedo. Seven-passenger Roadster. \$2450  
each, l. o. b. Detroit. Seven-passenger Touring Car,  
\$1550 additional. Limousine, 7-passenger, \$3750;  
Coupe, 3-passenger, \$2950. Open bodies furnished  
with Limousine and Coupe at extra charge.The Four  
No man need be told that Howard E. Coffin leads  
all in building four-cylinder cars. No designer has  
built as many successful automobiles.In building the HUDSON "37" all his skill and  
experience contributed to its perfection. But in ad-  
dition there was also worked into the car the skill  
and experience of his 47 expert associates.

This was produced a car such as no one man is
